

PATENT

3. Subsequent to conception, I proceeded diligently with reducing the invention to practice through the launching of a secure web-based system for providing healthcare services to patients at www.virtualmedicalgroup.com in September, 1999.

4. In February, 2000, the attached marketing materials, which describe my claimed invention, were published for an educational conference and trade show entitled "eHealthcare World 2000" that took place on May 1-3, 2000 in Las Vegas, Nevada.

5. The launch of www.virtualmedicalgroup.com and the published marketing materials attached hereto clearly indicate conception of the subject matter of Claims 1-49 of U.S. Patent Application Serial No. 09/838,878 prior to April 2000.

6. I participated in the preparation of U.S. Provisional Patent Application Serial No. 60/200,091 and, subsequently, U.S. Patent Application Serial No. 09/838,878, which describes, illustrates, and claims the invention set forth in the attached marketing materials and at www.virtualmedicalgroup.com. Preparation and filing of the above-referenced patent applications proceeded diligently from the time of conception.

7. I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of U.S. Patent Application Serial No. 09/838,878 or any patent(s) issued thereon.

VIRTUAL OFFICE VISIT™

SMART PATIENT™

VIRTUAL MEDICAL RECORD™

Obtain effective quality medical treatment for a variety of specific health conditions without spending time in a waiting room.

Convenient and Quick

You determine when your Virtual Office Visit™ is conducted online, choosing a time that is convenient for you. We help you take control of your schedule.

Quality Physicians

All of our physicians are experienced, U.S.-licensed, and Board Certified.

- All Physicians' credentials and biographical info available online.
- Credentials exceed National Commission for Quality Assurance (NCQA) Guidelines.

Secure

All patient/physician communication utilizes state-of-the-art Secure Socket Layer encryption technology.

Confidential

Many of our patients seek treatment for sensitive conditions. Through our Virtual Office Visit™, you can communicate directly with our physicians through Secure Socket Layer technology, without having to communicate your medical information through physician office staff and nurses.

Interactive

Your VirtualMedicalGroup.com physician can interact with you extensively, developing a strong patient care relationship, all through our secure environment.

Prescriptions and Refill Requests

For added convenience and privacy, we also offer an optional mail-order pharmacy service, 1stOnlinePharmacy.com, that can fill prescription orders written by our physicians.

- No scheduling difficulties
- No travel to the doctor's office
- No time wasted waiting to be seen by the doctor

VirtualMedicalGroup.com is committed to helping you maintain a healthy life, providing you with free health information that will help you become a more knowledgeable patient, a Smart Patient™.

Personalized Health Maintenance Guidelines

When you provide us with basic information about you and your health, we expand with valuable information and recommendations on how to live a healthy life. All information is communicated over a Secure Socket Layer encryption to guarantee confidentiality.

Complete our Smart Patient™ health questionnaire (less than five minutes) to immediately obtain personalized health maintenance information and suggestions.

Ongoing Health Information

We will periodically email you customized information of particular interest to you, based on your personal health profile, as well as health maintenance reminders.

Getting Started is Easy!

- 1 Log on to www.virtualmedicalgroup.com
- 2 Select Register
- 3 Register as Patient

Enjoy the convenience of our online health services!

Your Virtual Medical Record™

As member of VirtualMedicalGroup.com, you can establish your personal online Virtual Medical Record™ FREE.

A comprehensive medical record is essential for a physician to provide you quality care. When visiting a new physician, you can grant them online access, eliminating the need to fill out lengthy medical forms.

In an emergency, you can grant the emergency room physician access to your medical history, enabling them to provide you with appropriate care.

You control your Virtual Medical Record™

- As you seek treatment from VirtualMedicalGroup.com physicians, you may choose to have that information automatically added to your Virtual Medical Record™.
- As you seek care from other health care providers, you can fax or email updated medical information to your online Virtual Medical Record™.
- You control access to your Virtual Medical Record™ through your unique user ID and password. We will also provide you with an emergency wallet card that has instructions on how to access your online medical record, using your secure password.

Take Control of your Health Online.

VirtualMedicalGroup.com harnesses the power of Internet technology to deliver health care services to our patients worldwide. We offer our patient members the following online services:

"I enjoy the ability to communicate with my patients in a secure, on line medical environment. We have a quality interaction that is convenient for both of us."

Rowena Sobczyk, MD
Chief Medical Officer,
VirtualMedicalGroup.com

GUIDELINES

VirtualMedicalGroup.com is helping lead national and state initiatives to develop ethical and legal guidelines for Internet based physician-to-patient interactions.

- Our nationwide physician network ensures physician licensure corresponds to the patient's state of residence.
- Our physicians are all credentialed according to NCOA standards, and exceed those standards, having at least 3 years of experience and Board Certification.
- Our secure physician-to-patient communication tools provide a medium for extensive interaction in developing a treatment plan.
- Our health condition specific care templates are physician designed to ensure quality care.
- Our physicians always utilize their independent medical judgment in determining treatment plans.
- Our global malpractice policy covers all VirtualMedicalGroup.com consultations performed by our physicians.

Our goal is to work with the AMA, the State Medical Boards and other regulatory agencies to carefully develop and appropriately implement Internet based physician consultations.
